COMPOSIZIONE 2
Angolo terminale pouf dx
Laterale sx da 200 cm

01. Struttura al 90% legno stratificato e 10% massello di abete, con copertura di PU espanso ds 21 kg/mc e rivestimento di fibra di PL da 150 gr termo-legata a tessuto indemagliabile bianco ~ *Structure with 90% fir plywood and 10% fir wood, with PU padding ds 21 kg/mc, covered with 150 gr PL fiber thermally coupled to white ladderproof fabric*
02. Sostegno dei sedili di cinghie elastiche intrecciate larghe 7 cm ~ *Seat supported by 7 cm wide elastic belts*
03. Cuscino sedile di PU espanso ds 35 kg/mc elastico indeformabile rivestito da fibra di PL da 350 gr termolegata a tessuto agugliato di PL bianco ~ *Seats cushion made of elastic PU foam ds 35 kg/mc non-deformable, covered with 350 gr PL fiber thermally coupled to white needed PL fabric*
04. Schienale con meccanismo basculante in acciaio cromato lucido, fissato ad un telaio di acciaio verniciato a polveri. Imbottitura di PU espanso ds 25 kg/mc elastico indeformabile rivestito da fibra di PL da 350 gr termolegata a tessuto agugliato di PL bianco ~ *Backrest with tilting chromed steel mechanism, fixed to a steel frame. Padding of PU elastic foam ds 25 kg/mc non-deformable, covered with 350 gr PL fiber thermally coupled to white needed PL fabric*
05. Cuscino poggiatesta con imbottitura in fiocchi di fibra di PL, trucioli di PU espanso, piume sterilizzate d'oca e anatra rivestito in tessuto di cotone bianco ~ *Loinrest cushion padded with flakes of PL fiber, pieces of PU foam and goose and duck sterilized feathers covered with white cotton fabric.*
06. Cuscino bracciolo con imbottitura esterna di PU espanso ds 25 kg/mc e inserto di sabbia, rivestito in fibra di PL 350 gr termolegata a tessuto agugliato di PL bianco ~ *Armrest cushion padded with PU foam ds 25 kg/mc and sand insert, covered with PL fiber 350 gr thermally coupled to white needed PL fabric.*
07. Piede di serie "Rail" in acciaio cromato lucido, alto 12 cm ~ *As standard "Rail" feet made of chromed steel, 12 cm high.*

OPTIONAL: piede di acciaio "Pillar" nickel nero lucido, alto 13 cm.
 COMPONENTI: gli elementi vengono uniti tramite incastri a tenaglia in acciaio posti sotto la struttura.
 SFODERABILITÀ: in tessuto ed ecopelle è completamente sfoderabile. In pelle è parzialmente sfoderabile.
 NOTE: poliuretano espanso privo di CFC.

OPTIONAL: "Pillar" steel foot in polished black nickel, 13 cm high.
 MODULARITY: elements merged by steel joints placed under the structure.
 COVER: completely removable in fabric and ecoleather. Leather cover is partially removable.
 NOTES: CFC-free polyurethane foam.
